

# LEAFLET DISTRIBUTION IN N19

N19 is an excellent postcode for Leaflet Distribution. It has some 16,000 households that we can deliver leaflets to.

We have divided these into four groups.

N19 spans from Crouch Hill all the way through Archway down to Tufnel Park.

It is one of the most interesting areas for leaflet distribution in North London. There are almost no undeliverable places here.

There are mostly privately owned residential households that are fairly easy to access with some exceptions in the north western corner around Whittington Hospital.

Overall it is an excellent area for leaflet distribution.

If you'd like to know more about this, please feel free to get in touch with us at [The Private Postman](http://ThePrivatePostman.com).
