

# SW11

SW11 is a great area for leaflet distribution campaigns aimed at targeting young professionals.

The demographics here strongly skew towards this group.

At the same time SW11 is a fairly large postcode with 26,000 households we can reliably deliver your leaflets to. These are divided into 5 groups within our mapping system.

Much of this area of South West London is comprised of industrial areas including the famous Battersea power station.

As such any leaflet distribution campaign here has to be properly planned using a high quality mapping system.

For more information about SW11 and leaflet distribution please feel free to contact us at [theprivatepostman.com](http://theprivatepostman.com)
